

The rewards of teaching are not measured in dollars. They are measured in smiles, tears, and laughter.

Help build a better world by giving a child a GREAT beginning!

Early Childhood Education/Careers in Education

is a perfect course for students interested in working with young people, who have a positive attitude, and want to be a role model for children. This course provides entry-level job skill training for aide positions in infant care, day care (both home and center based), schools (grades K-12) and special education. The class offers excellent hands-on training for students desiring to enter the teaching field.

Curriculum will cover the following:

- Assisting staff and students in learning activities
- The health, safety, and psychological needs of children
- Using and maintaining equipment and facilities, and clerical duties.

Career Technical Education

- Strengthens the relationship between the classroom experience and the 21st century skills needed for the workplace.
- Prepares students for post-high school technical training, college and career opportunities.

Second semester includes an internship at a school.
