

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Shasta Union High School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Shasta Union High School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Shasta Union High School District's LCAP budgeted \$4983514 for planned actions to increase or improve services for high needs students. Shasta Union High School District actually spent \$6660713 for actions to increase or improve services for high needs students in 2023-24.

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Shasta Union High School District	Jim Cloney Superintendent	jcloney@suhsd.net 5302413261

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

The Shasta Union High School District, nestled in the scenic area of Redding, California, serves as a pivotal educational institution within Shasta County. This district is notable for its expansive coverage, reaching out to support a diverse body of 4,211 students across a range of schools, each designed to cater to its student population's varied needs and aspirations.

At the heart of the district's educational offerings are three comprehensive high schools: Enterprise High School, Foothill High School, and Shasta High School. These schools provide a broad curriculum aimed at preparing students for a wide array of post-secondary opportunities, from college and university education to vocational training and direct entry into the workforce. Alongside these, Pioneer High School operates as a continuation school, offering an alternative pathway for students needing a different approach to achieve their high school diploma. Similarly, the Shasta Collegiate Academy provides an independent study program, giving students the flexibility to pursue their education in a manner that best suits their individual learning styles and life circumstances.

The district is committed to fostering an environment emphasizing academic excellence and encouraging character development and personal growth. Its Local Control and Accountability Plan (LCAP) for the 2024-2025 academic year outlines strategic goals focused on enhancing educational outcomes, supporting student well-being, and ensuring all graduates are well-equipped to navigate future challenges. This includes a dedicated effort to increase college readiness, provide access to advanced placement and career technical education courses, and implement supportive measures to mitigate learning loss and promote a safe, engaging, and inclusive school climate.

In terms of demographics, the student population is diverse, with a majority identifying as White (62.5%), followed by Hispanic (17.8%), Asian (5.4%), American Indian/Alaskan Native (4.7%), African American (3.4%), with the remaining students identifying as Pacific Islander or other. The district also strongly emphasizes supporting its students facing economic disadvantages, English language learners, and foster youth, ensuring that all students have access to the resources and support necessary to succeed.

With a staff comprising 238 teachers, counselors, and other educational professionals, alongside a committed administrative and classified staff team, the Shasta Union High School District is dedicated to providing a high-quality educational experience. This commitment is

underscored by its significant annual budget, which aims to enhance instructional and support services, ensure a staffing ratio that promotes effective learning, and maintain a focus on technology integration to support educational outcomes.

By placing the student at the center of its mission, the Shasta Union High School District exemplifies a commitment to educational excellence, character development, and the preparation of its students to lead fulfilling lives as responsible members of their communities.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflecting on the Shasta Union High School District (SUHSD) 's annual performance through the lens of the California Dashboard, Local Control and Accountability Plan (LCAP), and the 2023 SUHSD Infographic provides a holistic understanding of the district's achievements, areas for improvement, and strategic priorities. This analysis is intended for a non-educational audience to grasp the significance of these findings and understand the district's future directions.

### Performance Highlights

As highlighted in the documents reviewed, SUHSD has made commendable strides in several key areas. Notably, the district's English Language Arts scores continue to outperform the state average, with 60.12% of students meeting or exceeding standards, 5.32% above the state average. This achievement is particularly impressive considering the challenges faced by the district, including adapting to educational disruptions caused by the pandemic.

Mathematics performance also surpassed state averages, with 35.64% of students meeting or exceeding standards, 8.67% above the state average. Such accomplishments underscore the district's commitment to academic excellence and its ability to provide quality education across subject areas.

Furthermore, the district's graduation rates are commendable, exceeding 92%. This success rate is a testament to the effectiveness of SUHSD's educational programs and its focus on ensuring students are prepared for post-secondary opportunities.

### Strategic Focus and Improvement Areas

Despite these achievements, the district recognizes areas requiring targeted improvements, particularly for numerically significant student groups that have been identified as underperforming based on the California Dashboard indicators. These groups include English Learners, Students with Disabilities, American Indian, Hispanic, and Socioeconomically Disadvantaged students. To address these disparities, SUHSD has embarked on strategic initiatives, including professional development for teachers, increasing instructional coaching, and employing data analysis tools for more targeted interventions.

A key component of SUHSD's strategy to enhance educational outcomes is the integration of technology in classrooms, including providing devices for every student and investing in online learning tools. This approach not only aids in addressing immediate learning gaps but also prepares students for the digital demands of the 21st century.

### Community and Educational Partner Engagement

Educational Partner engagement is another area of focus for SUHSD, as evidenced by its participation in various surveys and meetings involving parents, students, staff, and the community. This inclusive approach to decision-making ensures that the district's plans reflect the community's needs and aspirations.

### Financial Stewardship and Accountability

The LCAP and budget documents reveal SUHSD's commitment to financial stewardship. Planned expenditures aim to enhance services for high-need students. The district's efforts to exceed the minimum percentage required to increase or improve services for these students demonstrate a dedication to equitable education.

The Shasta Union High School District's annual performance, as depicted through the California Dashboard, LCAP, highlights a district on the rise, characterized by strong academic performance, a strategic focus on improvement areas, and a commitment to community engagement and financial accountability. While challenges remain, particularly in closing the achievement gap for underperforming student groups, SUHSD's strategic initiatives are steps in the right direction toward ensuring that all students succeed.

## Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

SUHSD's eligibility stems from its identified need with two student groups: American Indians and students with disabilities. American Indian students have shown a need to enhance academic achievements in math and English and reduce suspension rates. Our Students with disabilities have shown a need to increase college and career/ college indicators and reduce their suspension rates.

Summary of Work Underway:

Parent Outreach:

Objective: Strengthen family and community engagement to support student success.

Actions: SUHSD has implemented a series of parent outreach initiatives designed to foster stronger connections between the school and home environments. These include workshops (student success academy) on student academic support strategies, emphasizing attracting more parents from our lowest-performing student groups to ensure all families are informed and involved.

Impact: Increased parent participation in school activities and improved communication between parents and educators, leading to a more supportive learning environment for students.

Use of Instructional Coaches:

Objective: Build teacher capacity and self-efficacy to improve instructional quality.

Actions: The district has employed instructional coaches who work directly with teachers to develop their instructional practices. These coaches provide personalized professional development, model effective teaching strategies, and offer feedback to help teachers refine their techniques.

Impact: Enhanced teacher skills, higher self-efficacy, and improved instructional practices have led to better student engagement and learning outcomes.

Educational Support Tools:

Objective: Leverage technology to support student learning and track progress.

Actions: SUHSD has integrated various educational support tools into the curriculum, including apps and online resources. These tools provide students with additional learning opportunities outside the traditional classroom setting, offering personalized learning paths and real-time feedback.

Impact: Greater accessibility to educational resources has supported differentiated instruction, allowing students to learn at their own pace and according to their individual needs. This has contributed to improved academic performance and engagement.

The Shasta Union High School District's proactive measures in parent outreach, instructional coaching, and the utilization of educational support tools demonstrate a comprehensive approach to addressing the needs of our students. Continued reflection and adaptation of these efforts will be crucial in sustaining progress and meeting the district's long-term educational goals.

# Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

## ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Pioneer High School

## ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Shasta Union High School District (SUHSD) has been proactive in supporting its eligible schools in developing comprehensive support and improvement plans. One of the key schools receiving this support is Pioneer High School. SUHSD has implemented several targeted strategies to enhance educational outcomes and foster a positive learning environment at Pioneer High School.

Firstly, SUHSD has provided instructional coaches to Pioneer High School. These coaches work closely with teachers to enhance instructional practices, provide professional development, and support the implementation of effective teaching strategies. This hands-on assistance is critical in helping teachers improve their instructional methods and better meet the diverse needs of their students.

Additionally, SUHSD has facilitated staff participation in Positive Behavioral Interventions and Supports (PBIS) training. By sending staff to PBIS training, SUHSD ensures that the school's personnel are equipped with the knowledge and skills necessary to implement PBIS effectively. This framework helps in promoting positive behavior, improving school climate, and reducing disciplinary incidents.

To further support PBIS implementation, SUHSD has introduced various support apps designed to streamline and enhance the PBIS process. These applications assist in tracking student behavior, providing real-time feedback, and enabling data-driven decision-making. The use of technology in this manner ensures that PBIS initiatives are consistently and effectively applied across the school.

Moreover, SUHSD is piloting an alternative to Edgenuity by using Subject online learning at Pioneer High School. This initiative aims to explore more flexible and personalized learning options for students. By integrating a new online learning platform, SUHSD seeks to provide students with engaging, relevant, and high-quality educational experiences that can cater to their individual learning styles and needs.

In addition to these measures, SUHSD has utilized the Yonder pouch system to limit cell phone usage during school hours. This innovative approach helps minimize distractions, allowing students to focus more on their studies and engage more fully in classroom activities. By creating a more controlled and focused learning environment, the Yonder pouch system supports the overall goal of improving academic performance and student behavior.

## ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

To systematically track and assess progress, SUHSD and Pioneer High School will utilize the California School Dashboard. This comprehensive tool provides a multi-faceted view of school performance, including academic achievement, graduation rates, and other key indicators. By regularly reviewing data from the Dashboard, SUHSD can identify trends, celebrate successes, and address areas needing improvement.

In addition to the California School Dashboard, local measures will play a crucial role in monitoring and evaluating the plan's effectiveness. These measures include:

**Grades:** Continuous analysis of student grades will help identify academic progress and areas where additional support may be required. By tracking grades over time, the school can ensure that students are meeting learning objectives and standards.

**Attendance:** Regular monitoring of attendance rates will provide insights into student engagement and identify potential barriers to consistent school attendance. Improved attendance is often correlated with better academic performance and reduced behavioral issues.

**Discipline:** The significant drop in discipline issues is a positive indicator of the plan's effectiveness. Ongoing tracking of disciplinary incidents will help ensure that the strategies in place continue to foster a positive and conducive learning environment.

SUHSD and Pioneer High School will hold regular review meetings to discuss these data points, ensuring that the plans are responsive to the evolving needs of students and the school community. By integrating both state-level and local measures, SUHSD ensures a comprehensive approach to monitoring and evaluation, facilitating continuous improvement and sustained success.

Through these systematic monitoring and evaluation efforts, SUHSD remains dedicated to supporting Pioneer High School in achieving its goals, thereby ensuring that all students have the opportunity to succeed academically and personally.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Teachers	<p>In the development of the Local Control and Accountability Plan (LCAP), the Shasta Union High School District implemented a targeted engagement process specifically for teachers. This process included:</p> <p>Surveys: Distributed to all teachers to gather broad-based input on school needs, priorities, and areas for improvement. This allowed teachers to provide their insights and feedback conveniently.</p> <p>Ad-hoc Meetings: Organized to provide a platform for in-depth discussions on specific school needs from the teachers' perspective. These meetings allowed for more targeted and detailed feedback on critical issues impacting the teaching environment and student outcomes.</p> <p>Participation in Educational Partner Meetings: Teachers were actively involved in regularly scheduled educational partner meetings to discuss and refine the LCAP. This facilitated ongoing dialogue between teachers and other stakeholders, ensuring their feedback was integrated into the plan.</p>
Principals/ Administrators	In developing the Local Control and Accountability Plan (LCAP), the Shasta Union High School District implemented a targeted

Educational Partner(s)	Process for Engagement
	<p>engagement process specifically for principals and other administrators. This process included:</p> <p>Surveys: Distributed to all principals and administrators to gather broad-based input on school needs, priorities, and areas for improvement. This allowed them to provide their insights and feedback conveniently.</p> <p>Ad-hoc Meetings: Organized to provide a platform for in-depth discussions on specific school needs from the perspective of principals and administrators. These meetings allowed for more targeted and detailed feedback on critical issues impacting school management and student outcomes.</p> <p>Participation in Educational Partner Meetings: Principals and administrators were actively involved in regularly scheduled educational partner meetings to discuss and refine the LCAP. This facilitated ongoing dialogue between administrators and other stakeholders, ensuring their feedback was integrated into the plan.</p> <p>Cabinet Meetings: Conducted regularly to engage district leadership in the LCAP development process. These meetings included discussions on strategic priorities and administrative insights, ensuring the LCAP aligned with the district's overall vision and goals.</p> <p>Through these activities, the district ensured that the voices of principals and administrators were heard and considered, leading to a more inclusive and representative LCAP.</p>
Other School Personnel	<p>In the development of the Local Control and Accountability Plan (LCAP), the Shasta Union High School District implemented a targeted engagement process specifically for other school personnel. This process included:</p>

Educational Partner(s)	Process for Engagement
	<p>Surveys: Distributed to all school personnel, including support staff, counselors, and other non-teaching staff, to gather broad-based input on school needs, priorities, and areas for improvement. This allowed all personnel to provide their insights and feedback conveniently.</p> <p>Ad-hoc Meetings: Organized to provide a platform for in-depth discussions on specific school needs from the perspective of various school personnel. These meetings allowed for more targeted and detailed feedback on critical issues impacting their roles and student outcomes.</p> <p>Participation in Educational Partner Meetings: School personnel were actively involved in regularly scheduled educational partner meetings to discuss and refine the LCAP. This facilitated ongoing dialogue between school personnel and other stakeholders, ensuring that their feedback was integrated into the plan.</p>
Certificated and Classified Bargaining Units	<p>In the development of the Local Control and Accountability Plan (LCAP), the Shasta Union High School District implemented a targeted engagement process specifically for certificated and classified bargaining units. This process included:</p> <p>Surveys: Distributed to members of both certificated and classified bargaining units to gather broad-based input on school needs, priorities, and areas for improvement. This allowed union members to provide their insights and feedback conveniently.</p> <p>Ad-hoc Meetings: Organized to provide a platform for in-depth discussions on specific school needs from the perspective of union members. These meetings allowed for more targeted and detailed feedback on critical issues impacting their roles and student outcomes.</p> <p>Participation in Educational Partner Meetings: Representatives from the bargaining units were actively involved in educational partner meetings to discuss and refine the LCAP. This facilitated ongoing</p>

Educational Partner(s)	Process for Engagement
	<p>dialogue between union members and other stakeholders, ensuring that their feedback was integrated into the plan.</p> <p>Separate Meetings with Bargaining Units: Conducted specifically to engage certificated and classified bargaining units, ensuring that the collective views and concerns of these groups were thoroughly addressed. This step was crucial in aligning the LCAP with the needs and interests of the union members.</p>
Parents	<p>In the development of the Local Control and Accountability Plan (LCAP), the Shasta Union High School District implemented a targeted engagement process specifically for parents. This process included:</p> <p>Surveys: Distributed to parents to gather broad-based input on school needs, priorities, and areas for improvement. This allowed parents to provide their insights and feedback conveniently.</p> <p>Participation in Educational Partner Meetings: Parents were actively involved in educational partner meetings to discuss and refine the LCAP. This facilitated ongoing dialogue between parents and other stakeholders, ensuring that their feedback was integrated into the plan.</p> <p>School Site Council Meetings: Engaged parents through school site council meetings, where they could provide input on the LCAP and discuss specific school-related issues. This involvement ensured that the perspectives of parents were thoroughly considered in the decision-making process.</p>
Students	<p>In the development of the Local Control and Accountability Plan (LCAP), the Shasta Union High School District implemented a targeted engagement process specifically for students. This process included:</p> <p>Surveys: Distributed to students to gather broad-based input on school needs, priorities, and areas for improvement. This allowed</p>

Educational Partner(s)	Process for Engagement
	<p>students to provide their insights and feedback conveniently. Notably, the Kelvin Social-Emotional Learning (SEL) survey assessed students' well-being and gathered important data on their social and emotional needs.</p> <p>Participation in Educational Partner Meetings: Students were actively involved in educational partner meetings to discuss and refine the LCAP. This facilitated ongoing dialogue between students and other stakeholders, ensuring that their feedback was integrated into the plan.</p> <p>School Site Council Meetings: Engaged students through school site council meetings, where they could provide input on the LCAP and discuss specific school-related issues. This involvement ensured that the perspectives of students were thoroughly considered in the decision-making process.</p> <p>Superintendent's Student Advisory Committee: Held separate meetings with the superintendent's student advisory committee to gather detailed feedback and insights from student representatives. This committee provided a direct line of communication between students and district leadership.</p>
SELPA	<p>In the development of the Local Control and Accountability Plan (LCAP), the Shasta Union High School District implemented a targeted engagement process specifically for the Special Education Local Plan Area (SELPA). This process included:</p> <p>Monthly SELPA Meetings with the Superintendent: Regular meetings were held with the superintendent and SELPA representatives to discuss and gather input on the LCAP. These meetings ensured continuous dialogue and addressed the specific needs and concerns of the special education community.</p> <p>Collaboration with Special Education Staff: Engaged special education staff through dedicated meetings to gather detailed feedback and insights. These meetings allowed for in-depth</p>

Educational Partner(s)	Process for Engagement
	discussions on the needs of students with disabilities and the effective use of resources to support them.
Equity Multiplier- Pioneer High School	<p>In the development of the Local Control and Accountability Plan (LCAP) at Pioneer High School, a targeted engagement process was implemented to gather input specifically on the use of equity multiplier funds. This process included:</p> <p>School Site Council Meetings: Engaged educational partners through school site council meetings, where they could provide input on the use of equity multiplier funds. These meetings ensured that the perspectives of all educational partners were thoroughly considered in the decision-making process.</p> <p>PHS Staff Meetings: Conducted meetings with Pioneer High School staff to gather detailed feedback and insights from teachers, administrators, and support staff. These meetings allowed for in-depth discussions on the effective use of equity multiplier funds to address the needs of underserved students.</p> <p>Through these activities, Pioneer High School ensured that the voices of its educational partners were heard and considered, leading to a well-informed and equitable allocation of the equity multiplier funds.</p>

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The adopted Local Control and Accountability Plan (LCAP) for Shasta County was significantly influenced by the valuable feedback provided by our educational partners. The collaborative process involved a diverse group of participants, including parents, students, teachers, administrators, and community members, all of whom played a crucial role in shaping the final LCAP.

The input from these educational partners was instrumental in several key areas. Firstly, they helped identify and select more appropriate metrics that better reflect the needs and progress of our students. This ensured that the LCAP included relevant and meaningful indicators of success, aligned with our educational goals.

Secondly, educational partners provided insights into actions and strategies that were particularly relevant to specific student groups. This feedback allowed us to tailor our approach to address the unique needs of various populations, such as English learners, students with

disabilities, and socio-economically disadvantaged students. By incorporating these targeted actions, the LCAP became more responsive and effective in promoting equity and inclusivity.

Additionally, the feedback from the broader school community emphasized the importance of creating an inclusive environment that fosters a sense of belonging for all students. This led to the inclusion of initiatives to enhance school climate, increase family and community engagement, and promote social-emotional learning.

Overall, the contributions of our educational partners were invaluable in developing a comprehensive and responsive LCAP. Their active participation ensured that the plan met regulatory requirements and genuinely reflected the aspirations and needs of our entire school community.

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
1	All graduates will complete the required courses to allow access to all postsecondary options (college and career).	Broad Goal

**State Priorities addressed by this goal.**

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 3: Parental Involvement (Engagement)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

**An explanation of why the LEA has developed this goal.**

**1. Equity and Access**

**Inclusive Opportunities:** This goal promotes equity by ensuring that all students, regardless of their background, have the opportunity to pursue college or career paths. It aims to remove barriers that might prevent students from accessing higher education or skilled employment.

**Closing Achievement Gaps:** By focusing on required coursework, the SUHSD can help close achievement gaps between different student groups, such as those based on socioeconomic status, race, or disability.

**2. Preparation for Future Success**

**College Readiness:** Ensuring that students complete the necessary coursework means they are better prepared for the academic rigors of college. This preparation can lead to higher college enrollment and graduation rates.

**Career Readiness:** The goal also emphasizes the importance of career readiness, equipping students with the skills and knowledge needed to succeed in the workforce immediately after graduation if they choose that path.

**3. Alignment with State and National Standards**

**Compliance with Standards:** This goal aligns with state education standards, which often emphasize college and career readiness. It ensures that the SUHSD's curriculum and graduation requirements meet or exceed these standards.

Meeting Accountability Requirements: Adopting this goal helps the SUHSD meet accountability requirements set by the California Department of Education and other regulatory bodies, potentially impacting funding and resources.

#### 4. Community and Stakeholder Expectations

Parental and Community Support: Parents and community members expect our schools to prepare students for life after graduation. This goal addresses those expectations by explicitly focusing on postsecondary preparation.

Business and Industry Needs: A well-prepared workforce benefits local businesses and industries. By ensuring students complete the necessary courses, SUHSD supports local economic development and meets the needs of our local employers.

#### 5. Holistic Student Development

Comprehensive Education: This goal supports a well-rounded education, encouraging students to engage in a variety of subjects and activities that develop critical thinking, problem-solving, and other essential skills.

Personal Growth: Completing diverse courses helps students discover their interests and strengths, contributing to personal growth and lifelong learning.

#### 6. Improving Educational Outcomes

Higher Graduation Rates: Focusing on required coursework can lead to higher graduation rates, as students are more likely to stay engaged and motivated when they see a clear path to their future goals.

Enhanced Academic Performance: Students who are well-prepared for postsecondary options tend to perform better academically, reflecting positively on the districts's overall performance metrics.

#### 7. Long-term Benefits for Students

Economic Mobility: Graduates with access to college and career opportunities are more likely to achieve economic stability and upward mobility, benefiting not only themselves but also their families and communities.

Informed Decision Making: Students who have completed a comprehensive set of courses are better equipped to make informed decisions about their future, whether that involves further education, entering the workforce, or other pursuits.

By adopting a goal that all graduates will complete the required courses to allow access to all postsecondary options, the Shasta Union High School District demonstrates a commitment to providing high-quality education that prepares students for a successful future, aligns with broader educational standards, and meets the community's and stakeholders' expectations.

# Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	Increase A-G Rates	2022-23: 36.6%			39.6%	
1.2	Increase ELA CAASPP by 1% each year	2022-23: 58.9%			61.9%	
1.3	Increase Math CAASPP by 1% each year	2022-23: 34.9%			37.9%	
1.4	AP Pass Rate above 58.4% and increase enrollment rate by 1%	Pass Rate: 58.4% Enrollment: 20.4%			Pass Rate: 61.4% Participation: 23.4%	
1.5	100% Implementation of State Standards	100%			100%	
1.6	0% Teacher Miss Assignments	14.8%			0%	
1.7	0% of Students Lacking Instructional Materials	0%			0%	
1.8	Stay above the state average on ELPAC scores	2022-23 SUHSD: 16.3% proficient State:25.3% proficient			Above state average	
1.9	Maintain EL Reclassification Rates above state average	2020-21 SUHSD: 10.9% State: 6.9%			Above state average	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.10	Increase the number of students completing a CTE concentrator course by 1% each year	2022-23: 1709			1761	
1.11	Increase the percentage of students that complete the A-G course sequence and are CTE completers or complete other programs of study by 1%	6.1%			9.1%	
1.12	Maintain Access to a Broad Course of Study	100%			100%	
1.13	Increase percentage of students enrolled in dual enrollment or articulated courses by 2% each year	37.6%			43.6%	

## Goal Analysis [2023-24]

## Actions

Action #	Title	Description	Total Funds	Contributing
1.1	English Language Learner (EL) Course	Provide courses tailored for English Learner (EL) students in comprehensive high schools to bolster their academic advancement, expand their opportunities to engage in a wide-ranging curriculum, and assist in their progression towards reclassification.	\$140,000.00	Yes
1.2	English Language Learner Monitor(s)	Each comprehensive school will select a certified staff member to monitor the progress of English Learners (ELs) if enrollment requires. This EL monitor will liaise with teachers, students, parents, and support staff to track the advancement of ELs on campus.	\$60,000.00	Yes
1.3	An Instructional Coach and PLC Facilitator at comprehensive sites	Three certified staff members will be granted full-time release to offer Instructional Coaching and act as PLC facilitators, aiding the PLC process across the district. They will dedicate 25% of their time to unduplicated students and those with disabilities, as enhancing teacher instruction is vital for improving the educational outcomes of these students.	\$90,000.00	Yes
1.4	Four year graduation plans including Career Technical Education courses	Counselors will develop four-year graduation plans with all students, which will constitute 20% of their workload. Half of this effort will be focused on serving unduplicated students and those with disabilities.	\$175,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.5	Transportation during the school day to various Career Technical Education Programs	During the school day, transportation will be provided to guarantee that all students have access to all programs, with a focus on serving unduplicated pupils and students with disabilities.	\$165,000.00	Yes
1.6	Career Centers at each comprehensive school	Every comprehensive school will provide a Career Tech and a Career Center to assist students. Forty percent of the services will be specifically aimed at unduplicated students and those with disabilities.	\$70,000.00	Yes
1.7	Provide Standards Aligned Curriculum	The District will employ its textbook adoption cycle, which includes e-textbooks, to guarantee that students and staff have suitable materials on an annual basis.	\$470,000.00	No
1.8	Laptop for all students	The district will supply every student with a "laptop" for everyday use. Students will receive a "laptop" in the 9th grade and will continue to use it throughout their high school years.	\$300,000.00	No
1.9	Career Technical Education (CTE) Courses	The District will offer a full complement of CTE courses including Medical Careers, Administration of Justice, Fire Science, Chef Prep, Ag Science, and Robotics, arts, media, and entertainment, among others.	\$3,900,000.00	No
1.10	Dual Enrollment and articulated Courses	The district will collaborate with Shasta Community College to offer dual enrollment and articulated courses in a variety of subjects. The administration at the District Office will dedicate 10% of his or her time to this task	\$16,000.00	No
1.11	Advanced Placement (AP) Courses	The District will offer a variety of AP courses to challenge students to achieve at the highest academic levels.	\$1,700,000.00	

Action #	Title	Description	Total Funds	Contributing
<b>1.12</b>	Online tools for distance learning, independent learning, and data analysis	Provide teaching and support staff with online tools to keep pace with the changing educational landscape of curriculum development and delivery.	\$450,000.00	No
<b>1.13</b>	Maintain WiFi on busses	The district will complete installation of Wi-Fi access points on its school busses so that students may use their District provided laptops to access the internet on long bus rides to and from school. Funds will also be utilized to maintain the required cellular subscription for each bus with Wi-Fi.	\$15,000.00	No
<b>1.14</b>	Maintain appropriately credentialed staff through the Associate Superintendent of HR.	Associate Superintendent of Human Resources will dedicate 5% of his/her time to monitor staffing to ensure teachers are all fully credentialed and appropriately assigned.	\$15,000.00	No

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
2	Ensure all graduates are competent in reading and math, implement various measures to mitigate learning loss, and maximize credit recovery options.	Focus Goal

State Priorities addressed by this goal.

- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 6: School Climate (Engagement)
- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

The Shasta Union High School District, is choosing an LCAP goal of ensuring all graduates are competent in reading and math, implementing measures to mitigate learning loss, and maximizing credit recovery options to enhance academic proficiency, address learning gaps, support at-risk students, improve educational outcomes, meet educational partner expectations, leverage funding and resources, and address the specific educational needs of Shasta County. These efforts collectively contribute to the overall mission of providing a high-quality, equitable education for all students. Below is our rationale for choosing this goal. This goal is also being used to address the needs of our student groups that have qualified for differentiated assistance (DA). They include American Indians (for low performance in ELA and Math and high suspension rates) and students with disabilities (very low college and career indicators and low performance in math and ELA). Additional emphasis will be placed on these student groups as actions in this goal and through out the rest of the LCAP are implemented.

**1. Academic Proficiency and Graduation Readiness**

Ensuring that all graduates are competent in reading and math is fundamental to their success in higher education and the workforce. Reading and math are foundational skills that support learning across all subjects. Competence in these areas often predicts a student's ability to succeed in post-secondary education and their future careers. By prioritizing these competencies, the Shasta Union High School District (SUHSD) aims to prepare students for a broad range of opportunities and challenges after graduation.

**2. Addressing Learning Gaps and Equity**

Learning gaps can arise from a variety of factors, including socioeconomic disparities and differing access to educational resources. Implementing measures to mitigate learning loss is crucial in helping students catch up and ensuring that no student is left behind. This focus

is particularly important for underserved communities and students who may face greater challenges in accessing quality education. By addressing these gaps, SUHSD can promote equity and provide all students with a fair chance to succeed.

### 3. Supporting At-Risk Students

Maximizing credit recovery options is essential for supporting students who have fallen behind in their coursework. Credit recovery programs allow students to make up for lost credits and stay on track for graduation. This is particularly important for at-risk students who may have faced various obstacles that hindered their academic progress. Offering robust credit recovery options helps prevent dropouts and encourages students to complete their education.

### 4. Improving Educational Outcomes

By focusing on reading and math competency, mitigating learning loss, and providing credit recovery options, SUHSD is likely to see improvements in overall educational outcomes. Higher proficiency rates in reading and math can lead to better performance in other subjects, improved standardized test scores, and higher graduation rates. These outcomes benefit students and reflect positively on the school district's performance and reputation.

### 5. Meeting Stakeholder Expectations

Parents, educators, and community members expect our schools to provide a high-quality education that prepares students for the future. By setting this LCAP goal, SUHSD demonstrates its commitment to meeting these expectations and addressing the concerns of its educational partners. The Shasta Union High School District strives to take a proactive approach in dealing with current educational challenges and is dedicated to continuous improvement.

### 6. Leveraging Funding and Resources

This strategic use of resources ensures that initiatives to improve reading and math competency, mitigate learning loss, and support credit recovery are well-funded and sustainable.

### 7. Specific Needs of Shasta County

Shasta County faces unique educational challenges, including a higher percentage of students from rural areas, limited access to advanced educational resources, and a diverse student population with varying needs. By focusing on reading and math competency, SUHSD can address these challenges head-on. Mitigating learning loss and maximizing credit recovery is particularly important in Shasta County, where educational disparities can be more pronounced. These goals help ensure that all students, regardless of their background or circumstances, have the opportunity to achieve academic success and are well-prepared for life after graduation.

--

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Maintain scores at or above the state average in English as measured by the CAASPP for all subgroups.	3.5% Above State Average			Stay Above State Average	
2.2	Achieve scores at or above the state average in Math as measured by the CAASPP for all subgroups.	7.6% Above State Average			Stay Above State Average	
2.3	Decrease the percent of students who receive a “D” or “F” in a broad course of study by 1%	36.2%			33.2%

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Pioneer Continuation High School for students (credit deficient, behavior, attendance)	The proposal includes a comprehensive continuation high school program with additional staff to decrease class sizes and an on-site full-time counselor. An assistant principal will be added to bolster administrative services, encompassing attendance, behavior, and academics. The assistant principal will also facilitate the coordination of student services and support, which may encompass mental health counseling services. Equity multiplier funds will be employed to augment educational opportunities for PHS students. Needs assessments and expenditure plans will be formulated via the school site council, and collaborations with community partners will be initiated as particular needs emerge.	\$3,400,000.00	Yes
2.2	Gateway to College Program	Through a partnership with Shasta Community College, the District will offer the Gateway to College program to students who have dropped out of school and desire to return or are in danger of dropping out of school. The District will employ two full time teaching staff as agreed to in the partnership.	\$270,000.00	Yes
2.3	Student Success Labs	Offer lab sections during the school day as an intervention designed to keep students on track and passing their core classes. These courses	\$500,000.00	

Action #	Title	Description	Total Funds	Contributing
		will target unduplicated students and students with disabilities.		
<b>2.4</b>	Credit Recovery Labs	Offer lab sections during the school as an intervention designed to allow students to recover lost credits through individual online instruction. These courses will target unduplicated students and students with disabilities.	\$150,000.00	Yes
<b>2.5</b>	English and Math labs for students who are not at grade level	Offer specialized instruction in reading and math skills via English and/or Math Lab courses for students whose skills are not at grade level.	\$100,000.00	No
<b>2.6</b>	Summer School	Offer summer school to all students to recover credits due to failing a class. Transportation, academic counseling and food service will be provided.	\$150,000.00	No
<b>2.7</b>	Anytime School and/or Academic Saturday School	Offer credit recovery to all students in a summer school style format either after school (Anytime School) or on Saturdays.	\$30,000.00	No
<b>2.8</b>	After or Before School Tutoring	A staff member will facilitate an after or before school peer tutoring program at each comprehensive school site. Student tutors will be recruited to work with their peers and their tutoring hours will be logged for scholarship monies.	\$25,000.00	No

Action #	Title	Description	Total Funds	Contributing
<b>2.9</b>	Professional Development on Instruction	Professional Development on instruction (grading equity and differentiated instruction, professional learning communities). This will comprise 40% of the instructional coach's time.	\$170,000.00	No
<b>2.10</b>	Reading Support	Structured reading support, including assessment of incoming 9th-grade students. This is comprise 10% for the instructional coach's time to help facilitate, organize and make curriculum available to staff.	\$65,000.00	No
<b>2.11</b>	Math Support	Structured math support, including assessment of incoming 9th-grade students. This is comprise 10% for the instructional coach's time to help facilitate, organize and make curriculum available to staff.	\$65,000.00	No

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
3	Improve student engagement, support, school climate, safety, and environment.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 3: Parental Involvement (Engagement)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

By prioritizing these aspects in our LCAP goal, the Shasta Union High School District can create a nurturing and effective educational environment that supports the academic, social, and emotional growth of all students and prepares them for a successful future.

- 1. Holistic Student Development**  
Improving student engagement and support goes beyond academic achievement; it fosters students' overall development. Engaged students are more likely to excel academically, socially, and emotionally, leading to well-rounded individuals who are better prepared for future challenges.
- 2. Academic Achievement**  
Engaged students tend to perform better academically. When students feel supported and are actively involved in their learning, they are more motivated to attend school, participate in class, and complete their assignments, leading to higher academic outcomes.
- 3. Attendance and Retention**  
A positive school climate and a safe environment are critical for improving attendance rates and reducing dropout rates. When students feel safe and supported, they are more likely to attend school regularly and stay enrolled until graduation.
- 4. Social-Emotional Learning**  
Focusing on school climate and student support helps promote social-emotional learning (SEL). SEL skills, such as emotional regulation, empathy, and interpersonal skills, are essential for students' overall well-being and success in life.

## 5. Mental Health and Well-being

Addressing school climate and safety directly impacts students' mental health. A supportive and safe environment can reduce stress, anxiety, and other mental health issues, allowing students to focus better on their studies and personal growth.

## 6. Equity and Inclusion

Improving school climate and student support is essential for fostering equity and inclusion. It ensures that all students, regardless of their background, have access to a safe and supportive learning environment where they can thrive.

## 7. Community and Family Engagement

A positive school climate and enhanced student support often lead to increased family and community engagement. When parents and community members see that the school is committed to providing a safe and supportive environment, they are more likely to get involved and support the school's initiatives.

## 8. Safety and Crisis Prevention

A focus on safety is crucial for preventing and managing crises. By proactively improving safety measures and creating a positive school environment, our schools can prevent incidents of violence, bullying, and other safety issues, ensuring a secure space for learning.

## 9. Teacher Satisfaction and Retention

A positive school climate and supportive environment benefit students and staff. Teachers who work in such environments are more satisfied with their jobs, which can lead to higher retention rates and a more stable and effective teaching workforce.

## 10. Long-term Success

Investing in student engagement, support, school climate, safety, and environment sets the foundation for long-term success. Students who feel safe, supported, and engaged are more likely to become successful, responsible, and contributing members of society.

# Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	93% District Wide Attendance	92%			93%	
3.2	Reduce Chronic Absenteeism by 1%	12.8%			9.8%	
3.3	Out of School Suspension less than 5%	6.9%			Less than 5%	
3.4	Maintain Expulsion Rate less than 1%	0%			Less Than 1%	
3.5	Engage All Students and Parents in Post Secondary Planning	100%			100%	
3.6	Maintain "Good" Rating on Facilities Inspection	Good			Good	
3.7	Enroll At Least 15 Families per Comp Site in "Student Success Academy"	EHS - 13 FHS - 22 SHS - 14			EHS - 15 FHS - 15 SHS - 15	
3.8	Achieve More Than 75% "Excellent" or "Good" Overall Rating on Student Success Academy Exit Survey	100%			Greater Than 75%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.9	Increase Student Self Reporting of Campus Safety as "Neutral", "Agree" or " Strongly Agree" by 1%	91.9%			94.9%	
3.10	Increase Student Self Reporting of Participating in School Activities as "Neutral", "Agree" or " Strongly Agree" by 1%	67.5%			70.5%	
3.11	Maintain Parent Reporting of Their Student Feeling Safe at School as "Neutral", "Agree" or " Strongly Agree" above 90%	93.2%			Greater Than 90%	
3.12	Increase Parent Reporting of Their Student Feeling Connected at School as "Neutral", "Agree" or " Strongly Agree" by 1%	86.4%			89.4%	
3.13	Maintain Staff Reporting of Their School Being Safe as "Neutral", "Agree" or " Strongly Agree" Above 95%	98.1%			Greater Than 95%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.14	District Graduation Rate Above 93%	89.6%			Greater Than 93%	
3.15	District Dropout Rate Below 3%	4%			Less Than 3%

## Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Teacher on Assignment (TOA) to improve attendance and/or engagement	Each comprehensive school site will employ a TOA for 60% of the day to improve student attendance (comprehensive schools) and engagement. Improving student attendance at the comprehensive schools is critical to the success of our unduplicated students and students with disabilities, as well as maintaining student engagement of	\$240,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		those same populations.		
<b>3.2</b>	Student Success Academies	Offer the Student Success Academy program at each comprehensive school targeting new incoming, unduplicated students and students with disabilities in the 9th grade and their families. This a multi-session program occurring in the evening during the first two months of the school year. The focus is on how to be successful in high school. Incentives to attend, snacks, child care, and tutoring are provided as needed.	\$50,000.00	No Yes
<b>3.3</b>	Foster Youth Liaison at each comprehensive school and District level	Each comprehensive school will designate an Assistant Principal to act as the Foster Youth Liaison, representing foster youth students at their school. This role will constitute about 5% of the designated staff member's responsibilities. Similarly, a Foster/Homeless Liaison will be appointed at the district level, with duties comprising roughly 10% of their responsibilities.	\$55,000.00	Yes
<b>3.4</b>	Mental Health Counseling for Students	Contract with a private vendor (Steps to Tomorrow) to provide mental health counseling services to students on all school sites up to 5 days per week.	\$300,000.00	Yes
<b>3.5</b>	School Resource Officers	The District will contract with the Redding Police Department and the Shasta County Probation Department to provide School Resource Officers (SROs) on all school campuses. The SROs will enhance campus safety and foster positive student relationship with law enforcement, particularly with our unduplicated students and students with disabilities.	\$300,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
<b>3.6</b>	Pregnant and Parenting Teen Program	The District will implement a comprehensive Pregnant and Parenting Teen Program, which will include classified staff dedicated to delivering direct services to pregnant or parenting students. Additionally, teaching staff will work directly with these students, who may opt for independent study instead of traditional classroom settings to accommodate their family needs.	\$25,000.00	Yes
<b>3.7</b>	In School Suspension Program	The district will provide in-school suspension as an alternative to out-of-school suspension to reduce educational disruption from disciplinary actions. In-school suspension will be utilized as frequently as possible to ensure students remain on campus and continue their academic progress, especially for our unduplicated students and those with disabilities.	\$170,000.00	Yes
<b>3.8</b>	School Psychologist Services	Maintain an additional School Psychologist to assist in addressing students' social and emotional learning, and to provide additional support to our special education students.	\$130,000.00	No
<b>3.9</b>	Anonymous Reporting System	Maintain an online based anonymous reporting system for students to use when reporting bullying, harassment or situations when they are in crisis.	\$12,000.00	No
<b>3.10</b>	Intramurals	Offer intramural activities on comp sites to improve campus climate.	\$15,000.00	No
<b>3.11</b>	On site Security Staff	Contract with a private security firm to increase campus supervision and maintain a safe learning environment.	\$295,000.00	No

Action #	Title	Description	Total Funds	Contributing
<b>3.12</b>	Link Crew	Offer a Link Crew program at each comprehensive site to ease the transition to high school for middle school students.	\$15,000.00	No
<b>3.13</b>	Maintenance and Custodial Services	Employ and provide resources to the Maintenance and Custodial department to maintain safe and clean school sites.	\$2,800,000.00	No
<b>3.14</b>	Attendance Incentives for At Risk Students	Provide incentives for students who make improvements in their attendance and/or maintain strong attendance throughout the school year.	\$10,000.00	No
<b>3.15</b>	Mentoring Program	Bring in an outside mentoring program (Elevate Mentoring) to provide mentors to students. This group will work closely with the school counseling team at each comprehensive school.	\$140,000.00	Yes
<b>3.16</b>	Restorative Justice Program	Each comprehensive and continuation school will institute a restorative justice and/or peer court program as an alternative to suspension. This comprises 2% of the principal's time.	\$20,000.00	No
<b>3.17</b>	Parent Involvement	Site administrators will maintain Site Councils, parent booster and PTSA groups open to all parents. All schools will conduct annual District parent surveys and "town hall" style meetings to encourage parent input on school and district decision making. This will comprise 10% of the Principals' time.	\$100,000.00	No

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
4	Pioneer High School's Equity Multiplier goal aims to improve outcomes for English Learners, disadvantaged students, and students with disabilities by enhancing proficiency in math and English, improving graduation rates, and providing educator support using evidence-based strategies.	Equity Multiplier Focus Goal

**State Priorities addressed by this goal.**

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

**An explanation of why the LEA has developed this goal.**

Pioneer High School's Equity Multiplier goal aims to improve outcomes for English Learners, socioeconomically disadvantaged students, and students with disabilities by enhancing proficiency, graduation rates, and educator support through evidence-based interventions. This goal addresses the critical needs of these student groups, who consistently show the lowest performance levels on state indicators. Targeting these students aims to ensure equitable access to quality education and improved academic outcomes. While the primary focus is on unduplicated pupils, the interventions and supports provided through this goal benefit all students at Pioneer High School.

Pioneer High School has been identified for focused attention due to its unique demographic challenges and the critical need to support its most vulnerable students. This focus ensures that targeted interventions can be effectively implemented to close achievement gaps and enhance the overall educational experience for these student groups. The Equity Multiplier funds will supplement or increase actions and activities already in place, providing additional services and supports designed to address the specific needs of these students.

**Consultation with Educational Partners**  
 The development of this goal involved extensive consultation with educational partners at Pioneer High School, including teachers, parents, and community partners. These consultations were conducted through meetings with the school site council, administration, special education leaders, and staff. The feedback provided by these educational partners was instrumental in shaping the Local Control and Accountability Plan (LCAP).

**Influence of Educational Partner Feedback on the LCAP goal**

The feedback from educational partners significantly influenced the adopted LCAP goal in several ways. Based on the input from educational partners, the LCAP included a specific focus goal to address the persistent performance gaps of English Learners, socioeconomically disadvantaged students, and students with disabilities. This goal was prioritized to ensure these groups receive the targeted interventions necessary for success.

Educational partners highlighted the importance of specific metrics to measure the effectiveness of the interventions. As a result, the LCAP included metrics such as proficiency rates, graduation rates, and attendance rates for the identified student groups. Based on the performance data and the feedback received, the target outcomes were set to reflect significant improvement in these areas.

The LCAP goal detailed several actions and budgeted expenditures influenced by the feedback from educational partners. These include hiring additional qualified educators and specialists to support English Learners, socioeconomically disadvantaged students, and students with disabilities. It also includes implementing professional development programs focused on differentiated instruction and culturally responsive teaching. Furthermore, the LCAP expands access to tutoring, mentoring, and before and after-school programs specifically designed for the identified student groups. Increasing resources for social-emotional learning (SEL) initiatives and mental health support were also prioritized. These actions were prioritized within the context of available budgetary resources to ensure the most effective use of Equity Multiplier funds and other funding sources.

#### Contribution to Increased or Improved Services

All actions related to the Equity Multiplier goal were identified as non-contributing because of the source of the funds; however, we still plan to increase or improve services for unduplicated students. This ensures that the most vulnerable students receive the support they need to succeed. By providing these targeted services, the district can enhance the educational experience for unduplicated pupils and help close the achievement gap. Importantly, while these actions are designed to support unduplicated students, they are also beneficial to all students at Pioneer High School, promoting a more inclusive and supportive educational environment for everyone.

#### Analysis and Adjustments Based on Effectiveness

The LCAP includes a continuous analysis of the effectiveness of specific actions to achieve the goal. This analysis involves monitoring progress using the identified metrics to track improvements in proficiency, graduation rates, and educator support. Based on the analysis, the district may adjust or enhance strategies to meet the goals. Additionally, reviewing the effectiveness of budgeted expenditures ensures funds are being used efficiently and making a significant impact.

The district will analyze any material differences in expenditures and make necessary changes to the goals and actions for the ensuing LCAP year based on the annual update process. This includes addressing any challenges or successes in implementing actions to continually improve support for unduplicated pupils.

By focusing on the identified metrics and leveraging evidence-based strategies, Pioneer High School is better positioned to address educational disparities and ensure all students have the opportunity to succeed. The extensive consultation with educational partners and the strategic use of Equity Multiplier funds to supplement or increase actions and activities already in place demonstrate a commitment to equity and excellence in education for all students at Pioneer High School. This holistic approach ensures that while unduplicated pupils receive the targeted support they need, the entire student body benefits from an enriched and supportive educational environment.

1.3	<p><b>Action:</b> An Instructional Coach and PLC Facilitator at comprehensive sites</p> <p><b>Need:</b> Supporting certified and classified staff by providing them with additional resources helps them better meet the needs of all students.</p> <p><b>Scope:</b> LEA-wide</p>	Students achieve the most effective learning when they are guided by instructors who offer significant support and exhibit expertise in creating and conducting lessons. Our students benefit from educators who possess a diverse array of experiences.	<p>Increase “A-G” completion rate at Comprehensive Schools by 1% each year.</p> <p>Stay above the state average for EL students and increase the percentage of students prepared for college-level English as measured by CAASPP by 1% each year.</p> <p>Stay above the state average for EL students and increase the percentage of students prepared for college-level Math as measured by the CAASPP by 1% each year.</p> <p>Maintain 100% implementation of adopted state standards for all students.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			<p>Maintain 0% of students lacking their own assigned textbook or instructional materials.</p> <p>Stay above the state average on ELPAC scores.</p> <p>Maintain English Learner Reclassification rate.</p> <p>Increase the number of students completing CTE concentrator courses by 1% annually.</p> <p>Increase the number of students completing a CTE completer course and completing A-G by 1%</p> <p>Maintain access to a broad course of study as described in Ed Code 51220 for all students.</p> <p>Increase the percentage of students enrolled in dual enrollment or articulated courses by 2% each year.</p>
1.4	<b>Action:</b> Four year graduation plans including Career Technical	These actions are provided on an LEA-wide or schoolwide basis to ensure that all students across the district, particularly unduplicated pupils, have access to comprehensive support systems and	Increase “A-G” completion rate at Comprehensive Schools by 1% each year.

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Education courses</p> <p><b>Need:</b> Four-year plans are essential to helping students get guidance and purpose for post-secondary options.</p> <p><b>Scope:</b> LEA-wide</p>	<p>educational resources. Implementing these strategies district-wide ensures consistency and equity, allowing every student to benefit from structured graduation planning and career-focused education. This approach also allows the district to standardize best practices and optimize resource allocation, making it possible to provide high-quality support to every student in need.</p> <p>By offering these actions on an LEA-wide or schoolwide basis, the district ensures that unduplicated pupils are not only guided toward graduation but are also equipped with the skills and knowledge necessary to pursue postsecondary education and career opportunities. This holistic approach addresses both academic and practical needs, fostering a more inclusive and supportive educational environment that promotes long-term success for all students.</p>	<p>Stay above the state average and increase the percentage of students prepared for college-level English as measured by CAASPP by 1% each year.</p> <p>Stay above the state average and increase the percentage of students prepared for college-level Math as measured by the CAASPP by 1% each year.</p> <p>Maintain a District-wide AP exam pass rate of 58% (score 3 or higher) while increasing enrollment in AP courses each year.</p> <p>Stay above the state average on ELPAC scores.</p> <p>Maintain English Learner Reclassification rate.</p> <p>Increase the number of students completing CTE concentrator courses by 1% annually.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			<p>Increase the number of students completing a CTE completer course and completing A-G by 1%</p> <p>Maintain access to a broad course of study as described in Ed Code 51220 for all students.</p> <p>Increase the percentage of students enrolled in dual enrollment or articulated courses by 2% each year.</p>
<p><b>1.5</b></p>	<p><b>Action:</b> Transportation during the school day to various Career Technical Education Programs</p> <p><b>Need:</b> Unduplicated pupils, which include English Learners, socioeconomically disadvantaged students, and foster youth, often face significant barriers to accessing educational opportunities. One critical need is reliable transportation to participate in various Career Technical Education (CTE) programs offered throughout the district. These students may lack personal or family transportation, making it difficult for them to attend these valuable programs that can enhance their career readiness and academic engagement.</p>	<p>Providing transportation during the school day to various Career Technical Education (CTE) programs directly addresses the transportation barrier that many unduplicated pupils face. By ensuring these students have reliable and consistent access to CTE programs, the district supports their participation in courses that offer practical skills and career-focused education, which are essential for their future success.</p>	<p>Increase the number of students completing CTE concentrator courses by 1% annually.</p> <p>Increase the number of students completing a CTE completer course and completing A-G by 1%</p> <p>Maintain access to a broad course of study as described in Ed Code 51220 for all students.</p> <p>Increase the percentage of students enrolled in dual enrollment or articulated courses by 2% each year.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Scope:</b> LEA-wide</p>		
<p><b>1.6</b></p>	<p><b>Action:</b> Career Centers at each comprehensive school</p> <p><b>Need:</b> These students face unique challenges such as limited access to career guidance, fewer resources for career exploration, and a lack of personalized support in planning for their futures.</p> <p><b>Scope:</b> LEA-wide</p>	<p>Every comprehensive school in the district will provide a Career Tech and a Career Center to assist students with career planning, exploration, and preparation. These centers will dedicate forty percent of their services specifically to unduplicated pupils and students with disabilities, ensuring targeted support for these groups.</p> <p>The Career Techs and Career Centers address the needs of unduplicated pupils by offering specialized services that include career counseling, job placement assistance, resume workshops, and access to career exploration tools. By focusing forty percent of services on unduplicated students and those with disabilities, the district ensures that these students receive the individualized attention and resources they need to succeed. This targeted approach helps to bridge gaps in career readiness and provides essential support for overcoming the barriers these students face.</p>	<p>Increase “A-G” completion rate at Comprehensive Schools by 1% each year.</p> <p>Stay above the state average and increase the percentage of students prepared for college-level English as measured by CAASPP by 1% each year.</p> <p>Stay above the state average and increase the percentage of students prepared for college-level Math as measured by the CAASPP by 1% each year.</p> <p>Maintain a District-wide AP exam pass rate of 58% (score 3 or higher) while increasing enrollment in AP courses each year.</p> <p>Stay above the state average on ELPAC scores.</p> <p>Maintain English Learner Reclassification rate.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
			<p>Increase the number of students completing CTE concentrator courses by 1% annually.</p> <p>Increase the number of students completing a CTE completer course and completing A-G by 1%</p> <p>Maintain access to a broad course of study as described in Ed Code 51220 for all students.</p> <p>Increase the percentage of students enrolled in dual enrollment or articulated courses by 2% each year.</p>
2.1	<p><b>Action:</b> Pioneer Continuation High School for students (credit deficient, behavior, attendance)</p> <p><b>Need:</b> Unduplicated pupils at Pioneer High School, a continuation high school, face unique challenges that impact their educational journey. These challenges include higher rates of absenteeism, behavioral issues, academic deficiencies, and emotional or mental health needs. These students require smaller class sizes, increased counseling support, and</p>	<p>The proposal aims to enhance the programs at Pioneer High School by adding more staff to reduce class sizes, allowing for more personalized instruction and support for students. A full-time on-site counselor will be available to provide dedicated guidance and mental health services. Additionally, an assistant principal will be added to strengthen administrative services, including attendance monitoring, behavior management, and academic support. This role will also help coordinate student services and support, including mental health counseling, ensuring students have access to the resources they need for their well-being and success.</p>	<p>Decrease the percentage of students who receive a “D” or “F” in a broad course of study by 1%</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>comprehensive administrative oversight to address their multifaceted needs effectively.</p> <p><b>Scope:</b> Schoolwide</p>	<p>Smaller class sizes allow for more individualized attention, which is critical for unduplicated pupils who may require extra academic help and personal support. The full-time counselor provides focused counseling services to help students manage academic challenges and address emotional and mental health needs. The assistant principal's involvement in coordinating student services ensures that attendance, behavior, and academic issues are addressed comprehensively, providing a structured and supportive environment. Incorporating mental health counseling services addresses the crucial need for emotional and psychological support, which is essential for the overall well-being and academic success of these students.</p>	
<p><b>2.2</b></p>	<p><b>Action:</b> Gateway to College Program</p> <p><b>Need:</b> Unduplicated pupils often face significant barriers that can lead to higher dropout rates. The Gateway to College program directly addresses these challenges by providing individualized attention and support, which is crucial for students who may need additional resources to overcome obstacles such as language proficiency, economic instability, and lack of familial support. The program's structure includes academic and social-emotional learning (SEL) components, ensuring that students not only catch up</p>	<p>Implementing the Gateway to College program on an LEA-wide or schoolwide basis ensures that all students who need support have access to it, regardless of which school they attend. The challenges faced by unduplicated pupils are not confined to a specific school but are widespread across the district. Therefore, a district-wide approach is necessary to ensure that all at-risk students receive the same level of support and opportunities. This approach also allows for better allocation and utilization of resources, ensuring that qualified educators are available to support these students, providing consistency and continuity in their education.</p>	<p>Maintain scores at or above the state average in English as measured by the CAASPP for all subgroups.</p> <p>Achieve scores at or above the state average in Math as measured by the CAASPP for all subgroups.</p> <p>Decrease the percentage of students who receive a "D" or "F" in a broad course of study by 1%</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>academically but also develop the emotional resilience needed to succeed.</p> <p>Moreover, the program offers flexible scheduling and credit recovery options, essential for students who have fallen behind due to personal and academic challenges. This flexibility is tailored to meet the diverse needs of unduplicated pupils, allowing them to progress at their own pace. By providing these tailored supports, the Gateway to College program aims to reduce dropout rates and re-engage students in their education, addressing both their academic and emotional needs comprehensively??.</p> <p><b>Scope:</b> LEA-wide</p>		
2.3	<p><b>Action:</b> Student Success Labs</p> <p><b>Need:</b> Unduplicated pupils, including foster youth, English language learners, and low-income students, often face a range of challenges that can impede their academic success. These challenges include limited access to academic support, difficulties in understanding course material due to language barriers, and external socio-economic factors that can affect school attendance and performance. These students may struggle to keep up with their peers and are at higher risk of falling behind in their core</p>	<p>Offering lab sections during the school day specifically targets the academic needs of unduplicated pupils by providing additional instructional time and support in core subjects. This intervention is designed to:</p> <p>Provide Individualized Instruction: Lab sections facilitate smaller class sizes, allowing teachers to offer more personalized attention and tailor instruction to meet the specific needs of unduplicated pupils. This helps address learning gaps and ensures that students receive the targeted support necessary for academic success.</p> <p>Enhance Understanding of Core Material: By focusing on core subjects, these lab sections help</p>	<p>Maintain scores at or above the state average in English as measured by the CAASPP for all subgroups.</p> <p>Achieve scores at or above the state average in Math as measured by the CAASPP for all subgroups.</p> <p>Decrease the percentage of students who receive a “D” or “F” in a broad course of study by 1%</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>classes, leading to lower graduation rates and limited post-secondary opportunities.</p> <p><b>Scope:</b></p>	<p>students strengthen their understanding of essential topics such as math, science, and English. This is especially important for English language learners who may require extra assistance with language acquisition and comprehension.</p> <p>Increase Engagement and Motivation: The supportive learning environment of lab sections is designed to keep students engaged and motivated. By enabling students to ask questions and receive immediate feedback, these labs help build confidence and encourage students to stay on track academically.</p> <p>Provide Socio-Emotional Support: Besides academic assistance, lab sections can address the socio-emotional needs of unduplicated pupils. Teachers can incorporate social-emotional learning (SEL) strategies to help students manage stress, build resilience, and develop positive relationships with peers and educators.</p>	
2.4	<p><b>Action:</b> Credit Recovery Labs</p> <p><b>Need:</b> Unduplicated pupils, including foster youth, English language learners, and low-income students, often face significant barriers that can impede their academic progress. These barriers include:</p> <p>Academic Challenges: Many unduplicated pupils struggle to keep up with their coursework due to various factors such as</p>	<p>Offering lab sections during the school day as an intervention to allow students to recover lost credits through individual online instruction specifically targets the academic needs of unduplicated pupils. These courses are designed to:</p> <p>Provide Personalized Credit Recovery: Unduplicated pupils, including foster youth, English language learners, and low-income students, often face challenges that can result in falling behind in their coursework. The lab sections offer a tailored approach to credit recovery,</p>	<p>Maintain scores at or above the state average in English as measured by the CAASPP for all subgroups.</p> <p>Achieve scores at or above the state average in Math as measured by the CAASPP for all subgroups.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>frequent school changes, language barriers, and lack of academic support at home. This can lead to falling behind in credits required for graduation.</p> <p>Attendance Issues: Socio-economic challenges can result in irregular school attendance. Factors such as housing instability, lack of transportation, and family responsibilities can cause students to miss school, making it difficult for them to stay on track academically.</p> <p>Language Barriers: English language learners may have difficulty understanding course material, leading to lower academic performance and an increased need for targeted instruction to help them succeed in their classes.</p> <p><b>Scope:</b> LEA-wide</p>	<p>allowing students to catch up on missed credits through individualized online instruction. This flexibility helps address the varied pacing and learning styles of unduplicated pupils, ensuring they can recover credits at their own pace and according to their unique needs.</p> <p>Enhance Accessibility and Engagement: By integrating online instruction, the lab sections make credit recovery more accessible. This mode of learning is particularly beneficial for unduplicated pupils who may have irregular attendance due to external socio-economic factors. The interactive and engaging nature of online learning can also help maintain student interest and motivation, which is crucial for keeping unduplicated pupils on track academically.</p> <p>Support Academic and Social-Emotional Needs: The individual focus of online instruction allows for immediate feedback and personalized support, which can be critical for unduplicated pupils who need extra help to understand course material. Additionally, the lab environment can incorporate social-emotional learning (SEL) strategies, helping students build resilience, manage stress, and develop positive relationships, which are essential for their overall well-being and academic success.</p>	<p>Decrease the percentage of students who receive a “D” or “F” in a broad course of study by 1%</p>
<p><b>3.1</b></p>	<p><b>Action:</b> Teacher on Assignment (TOA) to improve attendance and/or engagement</p>	<p>Implementing the TOA role ensures that all unduplicated pupils across the district receive consistent and equitable support, regardless of which comprehensive school they attend. This approach is crucial for several reasons:</p>	<p>Achieve District-wide overall student attendance of 93% annually.</p> <p>Reduce District-wide chronic absenteeism by 1%</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Need:</b> Employing a Teacher on Assignment (TOA) for 60% of the day at each comprehensive school site specifically addresses the critical needs of unduplicated pupils, which include foster youth, English language learners, and low-income students. These students often face unique challenges that can negatively impact their attendance and engagement in school.</p> <p>Improve Student Attendance: Unduplicated pupils frequently encounter barriers such as socio-economic difficulties, unstable housing, and family responsibilities that can lead to chronic absenteeism. A TOA dedicated to improving student attendance can identify and address these barriers by providing targeted support and interventions. This role may involve contacting families, developing individualized attendance plans, and coordinating with community resources to ensure students can consistently attend school.</p> <p>Increase Student Engagement: Engagement in school is essential for academic success and overall well-being. Unduplicated pupils may struggle with feeling disconnected from the school environment due to factors like language barriers, cultural differences, and previous negative educational experiences. A TOA focused on engagement can implement strategies to create a more inclusive and supportive school climate. This might include organizing student activities, fostering positive</p>	<p>Equity and Access: By providing a TOA at every comprehensive school, the district ensures that all unduplicated pupils have equal access to the resources and support they need to improve attendance and engagement. This promotes educational equity and helps close the achievement gap between unduplicated pupils and their peers.</p> <p>Resource Optimization: A district-wide implementation allows for the efficient allocation of resources, ensuring that every school has the necessary personnel to support unduplicated pupils. This coordinated effort maximizes the impact of the TOA role and ensures that best practices can be shared and implemented consistently across the district.</p> <p>Consistency in Support: Offering the TOA role across all comprehensive schools ensures that the support provided to unduplicated pupils is uniform and reliable. This consistency is essential for building trust and stability within the student population, as they know they can rely on similar support and interventions regardless of their school location.</p> <p>Comprehensive Support Network: An LEA-wide approach fosters a comprehensive support network that includes teachers, counselors, administrators, and community partners. This collaborative effort enhances the ability to address the multifaceted needs of unduplicated pupils, ensuring that they receive holistic and continuous support throughout their educational journey.</p>	<p>Achieve District-wide out of school suspensions to less than 6%</p> <p>Maintain pupil expulsion rate below 1%</p> <p>Increase student self-reporting of campus safety as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Increase student self-reporting of participating in school activities as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Maintain parent reporting of their student feeling safe at school as “neutral,” “agree,” or “strongly agree” above 90%</p> <p>Increase parent reporting of their student feeling connected at school as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Maintain staff reporting of their school being safe as “neutral,” “agree,” or</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>relationships between students and staff, and creating programs that cater to the interests and needs of unduplicated pupils.</p> <p>Provide Individualized Support: The presence of a TOA allows for more personalized attention to students who need it most. This includes monitoring academic progress, providing mentoring and counseling, and connecting students with additional academic and social-emotional resources. By offering this individualized support, the TOA can help unduplicated pupils overcome obstacles that impede their educational success.</p> <p><b>Scope:</b> Schoolwide</p>		<p>“strongly agree” above 95%</p> <p>Maintain district graduation rate above 93%</p> <p>Maintain district dropout rate below 3%</p>
3.2	<p><b>Action:</b> Student Success Academies</p> <p><b>Need:</b> Offering the Student Success Academy program at each comprehensive school specifically targets the needs of unduplicated pupils, including foster youth, English language learners, and low-income students, as well as students with disabilities. This multi-session program is designed to support these students and their families by providing essential tools and resources to navigate high school successfully.</p>	<p>Implementing the Student Success Academy on schoolwide basis ensures that all unduplicated pupils and students with disabilities across the district have access to this vital support, regardless of which comprehensive school they attend. This approach is essential for several reasons:</p> <p>Equity and Access: Offering the Academy at every comprehensive school guarantees that all unduplicated pupils and their families have an equal opportunity to benefit from the program. This promotes educational equity and helps close the achievement gap by providing consistent support across the district.</p>	<p>Achieve District-wide overall student attendance of 93% annually.</p> <p>Reduce District-wide chronic absenteeism by 1%</p> <p>Achieve District-wide out of school suspensions to less than 6%</p> <p>Maintain pupil expulsion rate below 1%</p> <p>Engage 100% of students and/or parents in the</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Facilitate Smooth Transition to High School: Unduplicated pupils often face significant challenges when transitioning to high school, such as adjusting to a new environment, understanding academic expectations, and developing effective study habits. The Student Success Academy helps ease this transition by offering sessions focused on these areas, ensuring that students start high school with the knowledge and skills they need to succeed.</p> <p>Engage Families: Family involvement is crucial for the academic success of unduplicated pupils. However, many families may not be familiar with the high school system or how best to support their children. The Academy engages families by providing them with information and resources on how to support their child’s education, thereby fostering a home environment conducive to academic success.</p> <p>Provide Comprehensive Support: The Academy offers incentives to attend, snacks, childcare, and tutoring, addressing several barriers that might prevent participation.</p> <p>Build a Supportive Community: By targeting incoming 9th graders and their families, the program helps build a sense of community and belonging. This is particularly important for unduplicated pupils who might feel isolated or disconnected from their peers. The Academy provides a platform for students and families to connect with each other and with school staff,</p>	<p>Resource Efficiency: A district-wide implementation allows for efficient use of resources, ensuring that every school can provide the necessary facilities, staff, and materials to support the program. This coordinated effort ensures that the Academy can be delivered effectively and sustainably at each site.</p> <p>Consistency in Support: Providing the Student Success Academy across all comprehensive schools ensures a consistent level of support for unduplicated pupils and students with disabilities. This uniformity helps standardize the quality of education and interventions they receive, which is crucial for maintaining high standards of support throughout the district.</p> <p>Comprehensive Support Network: An LEA-wide approach fosters a comprehensive support network, enabling better coordination between schools, teachers, counselors, and community partners. This holistic support system ensures that the diverse needs of unduplicated pupils and their families are addressed systematically, enhancing their overall school experience and academic outcomes.</p>	<p>postsecondary planning process.</p> <p>Enroll no less than 15 families per school site in the “Student Success Academy” each year.</p> <p>Achieve more than 75% “Excellent” or “Good” overall rating on the Student Success Academy exit survey.</p> <p>Increase student self-reporting of campus safety as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Increase student self-reporting of participating in school activities as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Maintain parent reporting of their student feeling safe at school as “neutral,” “agree,” or “strongly agree” above 90%</p> <p>Increase parent reporting of their student feeling connected at school as</p>

	LEA-wide		
3.5	<p><b>Action:</b> School Resource Officers</p> <p><b>Need:</b> Contracting with the Redding Police Department to provide School Resource Officers (SROs) on all school campuses addresses the critical need for safety and positive engagement with law enforcement, particularly for unduplicated pupils. This includes foster youth, English language learners, and low-income students, who often face unique challenges that can impact their sense of security and well-being at school.</p> <p>Enhancing Campus Safety: Unduplicated pupils frequently encounter external and internal factors that contribute to a lack of safety, both in their communities and within the school environment. The presence of SROs on campus enhances overall safety, providing a secure and stable learning environment where students can focus on their education without fear of violence or disruption.</p> <p>Building Trust and Positive Relationships: Many unduplicated pupils may have had negative experiences or perceptions of law enforcement due to their backgrounds or community environments. SROs on campus can foster positive relationships with students</p>	<p>Implementing SROs on an LEA-wide basis ensures that all students, especially unduplicated pupils, receive consistent and equitable access to enhanced safety and support across the district. This approach is essential for several reasons:</p> <p>Equity and Access: By providing SROs on all school campuses, the district ensures that every unduplicated pupil benefits from the presence of trained law enforcement officers who can provide safety and support. This promotes equity by ensuring that students in all schools receive the same level of protection and positive engagement.</p> <p>Resource Optimization: A district-wide approach allows for the efficient allocation of resources, ensuring that all schools, regardless of size or location, have access to SROs. This uniform distribution of resources helps maintain high standards of safety and support across the district.</p> <p>Consistency in Safety Measures: Offering SROs across all schools ensures a consistent level of safety and security for unduplicated pupils. This consistency is crucial for building a district-wide culture of trust and safety, where students feel secure and supported in their learning environments.</p> <p>Comprehensive Support Network: An LEA-wide implementation fosters a comprehensive support network that includes SROs, teachers, counselors, and administrators. This collaborative effort ensures that the diverse needs of unduplicated</p>	<p>Achieve District-wide overall student attendance of 93% annually.</p> <p>Reduce District-wide chronic absenteeism by 1%</p> <p>Achieve District-wide out of school suspensions to less than 6%</p> <p>Maintain pupil expulsion rate below 1%</p> <p>Increase student self-reporting of campus safety as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Maintain parent reporting of their student feeling safe at school as “neutral,” “agree,” or “strongly agree” above 90%</p> <p>Increase parent reporting of their student feeling connected at school as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Maintain staff reporting of their school being safe as</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>by serving as role models and mentors. By interacting regularly with students, SROs help build trust and demonstrate that law enforcement officers can be allies and supporters, not just enforcers of rules.</p> <p>Supporting Students with Disabilities: Students with disabilities often require additional support to navigate the school environment safely. SROs can provide tailored assistance to these students, ensuring they feel safe and supported. This includes responding to emergencies, de-escalating potential conflicts, and working closely with school staff to meet the specific needs of students with disabilities.</p> <p>Providing Guidance and Support: Beyond their security roles, SROs can offer guidance and support to unduplicated pupils by participating in educational programs, workshops, and one-on-one mentoring sessions. These interactions can help address issues such as bullying, substance abuse, and other challenges that disproportionately affect unduplicated pupils, contributing to their overall well-being and academic success.</p> <p><b>Scope:</b> LEA-wide</p>	<p>pupils are addressed holistically, enhancing their chances of academic success and overall well-being.</p> <p>Community and School Collaboration: By partnering with local law enforcement, the district strengthens its ties with the community. This collaboration helps create a seamless support system for unduplicated pupils, ensuring they receive the necessary resources and interventions both inside and outside the school environment.</p>	<p>“neutral,” “agree,” or “strongly agree” above 95%</p> <p>Maintain district graduation rate above 93%</p> <p>Maintain district dropout rate below 3%</p>
3.6	<p><b>Action:</b> Pregnant and Parenting Teen Program</p>	<p>Implementing the Pregnant and Parenting Teen Program on an LEA-wide basis ensures that all students across the district who need this support can access it, regardless of their specific school. This approach is essential for several reasons:</p>	<p>Achieve District-wide overall student attendance of 93% annually.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Need:</b> The District will implement a comprehensive Pregnant and Parenting Teen Program, which will include classified staff dedicated to delivering direct services to pregnant or parenting students. Additionally, teaching staff will work directly with these students, who may opt for independent study instead of traditional classroom settings to accommodate their family needs.</p> <p><b>Scope:</b> LEA-wide</p>	<p><b>Equity and Access:</b> Providing the program at all schools ensures that every pregnant or parenting student has equal access to the resources and support they need to succeed. This promotes educational equity and helps close the achievement gap for unduplicated pupils who face additional challenges due to pregnancy and parenting responsibilities.</p> <p><b>Resource Optimization:</b> A district-wide implementation allows for the efficient allocation of resources, ensuring that all schools have the necessary staff and facilities to support pregnant and parenting students. This coordinated approach maximizes the impact of the program and ensures that best practices are applied consistently across the district.</p> <p><b>Consistency in Support:</b> Offering the program across all schools ensures a consistent level of support for pregnant and parenting students. This uniformity is crucial for building trust and reliability, as students know they can depend on the same quality of care and assistance, no matter which school they attend.</p> <p><b>Comprehensive Support Network:</b> An LEA-wide implementation fosters a comprehensive support network that includes teachers, classified staff, counselors, and community partners. This holistic approach ensures that the diverse needs of pregnant and parenting students are addressed systematically, enhancing their chances of academic success and overall well-being.</p>	<p>Reduce District-wide chronic absenteeism by 1%</p> <p>Engage 100% of students and/or parents in the postsecondary planning process.</p> <p>Maintain district graduation rate above 93%</p> <p>Maintain district dropout rate below 3%</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		<p>Community and School Collaboration: By implementing the program district-wide, the school district can strengthen its collaboration with community organizations and healthcare providers. This partnership ensures that students receive comprehensive support, both inside and outside of school, including access to medical care, parenting resources, and social services.</p>	
<p><b>3.7</b></p>	<p><b>Action:</b> In School Suspension Program</p> <p><b>Need:</b> Providing in-school suspension as an alternative to out-of-school suspension directly addresses the unique needs of unduplicated pupils, including foster youth, English language learners, and low-income students, who are disproportionately affected by disciplinary actions. This approach ensures that disciplinary measures do not impede their academic progress.</p> <p>Reducing Educational Disruption: Out-of-school suspensions often result in significant educational disruption, causing students to miss valuable instructional time and fall behind in their studies. In-school suspension allows students to remain on campus, ensuring they continue their academic activities and have access to educational resources, which is crucial for unduplicated pupils who may already face academic challenges.</p>	<p>Implementing in-school suspension on an LEA-wide or schoolwide basis ensures that all students, especially unduplicated pupils and those with disabilities, have consistent access to this alternative disciplinary measure across the district. This approach is essential for several reasons:</p> <p>Equity and Access: Providing in-school suspension at all schools ensures that every unduplicated pupil benefits from this alternative to out-of-school suspension. This promotes equity by ensuring that students at all schools have the same opportunities to continue their education without interruption, regardless of their school's resources or policies.</p> <p>Resource Optimization: A district-wide approach allows for the efficient allocation of resources, including staff training and the development of in-school suspension programs. This ensures that all schools can effectively implement in-school suspension, providing a standardized approach to discipline across the district.</p> <p>Consistency in Disciplinary Measures: Offering in-school suspension across all schools ensures a consistent disciplinary approach. This uniformity</p>	<p>Achieve District-wide overall student attendance of 93% annually.</p> <p>Reduce District-wide chronic absenteeism by 1%</p> <p>Achieve District-wide out of school suspensions to less than 6%</p> <p>Maintain pupil expulsion rate below 1%</p> <p>Increase student self-reporting of participating in school activities as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Maintain parent reporting of their student feeling safe at school as “neutral,” “agree,” or “strongly agree” above 90%</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Providing a Structured Environment: In-school suspension offers a structured environment where students can complete their coursework under supervision. This structure helps maintain continuity in their education and provides a setting that supports learning, as opposed to the unstructured time that might come with out-of-school suspension.</p> <p>Offering Academic Support: During in-school suspension, students can receive academic support from teachers and staff. This support includes help with assignments, access to tutoring, and the opportunity to address any learning gaps. For unduplicated pupils, who may require additional academic assistance, this support is vital to ensuring they stay on track academically.</p> <p>Addressing Behavioral Issues Constructively: In-school suspension provides an opportunity to address the root causes of behavioral issues through counseling and behavioral interventions. By keeping students in a supportive school environment, staff can work with them to develop better coping strategies, improve decision-making skills, and address any underlying issues that may be contributing to their behavior.</p> <p>Supporting Students with Disabilities: Students with disabilities often require specific accommodations and supports that are available within the school setting. In-school suspension ensures these students continue to receive the necessary support services,</p>	<p>helps maintain high standards of fairness and support, ensuring that all students receive the same level of care and intervention regardless of their school.</p> <p>Comprehensive Support Network: An LEA-wide implementation fosters a comprehensive support network that includes teachers, counselors, administrators, and behavioral specialists. This collaborative effort ensures that the diverse needs of unduplicated pupils and students with disabilities are addressed systematically, enhancing their chances of academic success and overall well-being.</p> <p>Reducing Recidivism: Consistent application of in-school suspension across the district helps in reducing recidivism by addressing behavioral issues more effectively. Keeping students engaged in their education and providing support to address the causes of their behavior can lead to long-term improvements in student conduct.</p>	<p>Increase parent reporting of their student feeling connected at school as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Maintain district graduation rate above 93%</p> <p>Maintain district dropout rate below 3%</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>such as special education resources and individualized instruction, which might not be available if they were suspended out of school.</p> <p><b>Scope:</b> Schoolwide</p>		
<p><b>3.15</b></p>	<p><b>Action:</b> Mentoring Program</p> <p><b>Need:</b> Bringing in an outside mentoring program, such as Elevate Mentoring, to provide mentors to students addresses the specific needs of unduplicated pupils, including foster youth, English language learners, and low-income students. These students often face significant challenges that can impact their academic performance, social-emotional development, and overall well-being. The mentoring program is designed to provide the following supports:</p> <p>Personalized Guidance and Support: Mentors from Elevate Mentoring offer individualized attention and support to unduplicated pupils. This personalized guidance helps students navigate academic challenges, set and achieve personal goals, and develop important life skills. Mentors can provide a stable, supportive relationship that many unduplicated pupils lack outside of school.</p> <p>Academic Encouragement: Mentors work closely with students to encourage academic persistence and excellence. They help</p>	<p>Implementing the Elevate Mentoring program on an LEA-wide basis ensures that all unduplicated pupils across the district have access to these vital mentoring services, regardless of which comprehensive school they attend. This approach is essential for several reasons:</p> <p>Equity and Access: By providing the mentoring program at all comprehensive schools, the district ensures that every unduplicated pupil has equal access to the benefits of mentoring. This promotes educational equity and helps close the achievement gap by offering consistent support to all students in need.</p> <p>Resource Optimization: A district-wide approach allows for the efficient allocation of resources, ensuring that all schools have the necessary personnel and infrastructure to support the mentoring program. This coordinated effort maximizes the impact of Elevate Mentoring and ensures that best practices are applied uniformly across the district.</p> <p>Consistency in Support: Offering the mentoring program across all schools ensures a consistent level of support for unduplicated pupils. This uniformity helps maintain high standards of</p>	<p>Achieve District-wide overall student attendance of 93% annually.</p> <p>Reduce District-wide chronic absenteeism by 1%</p> <p>Achieve District-wide out of school suspensions to less than 6%</p> <p>Maintain pupil expulsion rate below 1%</p> <p>Increase student self-reporting of campus safety as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Increase student self-reporting of participating in school activities as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Maintain parent reporting of their student feeling</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>students develop effective study habits, manage their time efficiently, and stay motivated to succeed in school. This support is particularly valuable for unduplicated pupils who may struggle with academic self-confidence and face additional obstacles to academic success.</p> <p>Social-Emotional Development: Elevate Mentoring focuses not only on academic success but also on the social-emotional well-being of students. Mentors provide a safe space for students to express their concerns, build resilience, and develop healthy coping strategies. This holistic approach addresses the emotional and psychological needs of unduplicated pupils, helping them to become well-rounded individuals.</p> <p>Role Models and Positive Relationships: Having mentors who serve as positive role models can significantly impact the lives of unduplicated pupils. Mentors demonstrate positive behaviors, offer constructive feedback, and inspire students to pursue their aspirations. Building these positive relationships helps students feel valued and supported, which can enhance their engagement and success in school.</p> <p>Coordination with School Counseling Teams: The mentoring program is integrated with the school's existing support services, providing a cohesive support system for unduplicated pupils. School counselors can refer students to the mentoring program and collaborate with</p>	<p>mentoring and support, ensuring that all students receive the same quality of care and assistance, regardless of their school placement.</p> <p>Comprehensive Support Network: An LEA-wide implementation fosters a comprehensive support network that includes mentors, teachers, counselors, and administrators. This collaborative effort ensures that the diverse needs of unduplicated pupils are addressed systematically, enhancing their chances of academic success and overall well-being.</p> <p>Building a Positive School Culture: By integrating the Elevate Mentoring program across the district, the school community can build a positive and supportive culture that values mentorship and student well-being. This culture helps create an environment where all students feel supported and encouraged to reach their full potential.</p>	<p>safe at school as “neutral,” “agree,” or “strongly agree” above 90%</p> <p>Increase parent reporting of their student feeling connected at school as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Maintain district graduation rate above 93%</p> <p>Maintain district dropout rate below 3%</p>

			<p>Maintain 0% of students lacking their own assigned textbook or instructional materials.</p> <p>Stay above the state average on ELPAC scores.</p> <p>Maintain English Learner Reclassification rate.</p> <p>Increase the number of students completing CTE concentrator courses by 1% annually.</p> <p>Increase the number of students completing a CTE completer course and completing A-G by 1%</p> <p>Maintain access to a broad course of study as described in Ed Code 51220 for all students.</p> <p>Increase the percentage of students enrolled in dual enrollment or articulated courses by 2% each year.</p>

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
<p><b>3.3</b></p>	<p><b>Action:</b> Foster Youth Liaison at each comprehensive school and District level</p> <p><b>Need:</b> Designating an Assistant Principal as the Foster Youth Liaison at each comprehensive school and appointing a Foster/Homeless Liaison at the district level specifically addresses the unique needs of foster youth, a critical subgroup of unduplicated pupils. These actions are designed to provide targeted support to foster youth students by ensuring they have a dedicated advocate within their school and at the district level.</p> <p>Dedicated Support and Advocacy: Foster youth often face significant challenges, including frequent school changes, trauma, and instability in their home lives, which can impact their academic performance and overall well-being. Having an Assistant Principal act as the Foster Youth Liaison ensures that these students have a dedicated advocate who understands their unique circumstances and can provide tailored support and intervention.</p> <p>Coordination of Services: The school-based Foster Youth Liaison can coordinate with teachers, counselors, and external agencies to provide comprehensive support for foster</p>	<p>Individualized Attention and Support: The Foster Youth Liaisons are specifically trained to understand and address the complex needs of foster youth. This includes providing individualized academic plans, connecting students with necessary mental health resources, and ensuring they have access to extracurricular activities, which are crucial for a well-rounded education.</p> <p>Early Identification and Intervention: By having a designated Liaison at each school, early identification of potential issues affecting foster youth can be achieved. This proactive approach allows for timely interventions that can prevent minor issues from becoming significant barriers to academic success.</p> <p>Family and Community Engagement: The Liaisons work not only with the students but also engage with foster families and community resources to create a robust support network. This ensures that foster youth have a stable and supportive environment both at school and at home.</p> <p>Consistency and Stability: Foster youth often experience frequent changes in their living and educational environments. The presence of a dedicated Liaison provides a stable point of contact and consistency in support, which is essential for their emotional and academic well-being.</p>	<p>Achieve District-wide overall student attendance of 93% annually.</p> <p>Reduce District-wide chronic absenteeism by 1%</p> <p>Achieve District-wide out of school suspensions to less than 6%</p> <p>Maintain pupil expulsion rate below 1%</p> <p>Increase student self-reporting of campus safety as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Increase student self-reporting of participating in school activities as “neutral,” “agree,” or “strongly agree” by 1%</p> <p>Maintain parent reporting of their student feeling safe at school as “neutral,” “agree,” or “strongly agree” above 90%</p> <p>Increase parent reporting of their student feeling connected at school as</p>

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	<p>youth. This includes monitoring academic progress, facilitating access to tutoring and counseling services, and addressing any barriers to attendance and engagement. The district-level Foster/Homeless Liaison can oversee and ensure consistency in support across the district, working to address systemic issues and coordinate resources effectively.</p> <p><b>Focused Attention:</b> Although the role constitutes only about 5% of the Assistant Principal's responsibilities and 10% of the district-level Liaison's duties, this focused attention is crucial for identifying and addressing the specific needs of foster youth. This includes ensuring that foster youth are included in all school activities, have access to academic support, and receive the emotional and social support they need to thrive.</p> <p><b>Holistic Approach:</b> The Foster Youth Liaison role is integral to creating a supportive and stable school environment for foster youth. By addressing both academic and non-academic needs, the Liaison can help foster youth build resilience, improve their academic performance, and feel more connected to their school community.</p> <p><b>Scope:</b> Limited to Unduplicated Student Group(s)</p>		<p>“neutral,” “agree,” or “strongly agree” by 1%</p> <p>Maintain district graduation rate above 93%</p> <p>Maintain district dropout rate below 3%</p>

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

**Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The additional concentration grant add-on funding will be strategically utilized to increase the staff providing direct services to students at Pioneer Continuation High School and Enterprise High School, both exceeding the 55 percent threshold of foster youth, English learners (EL), and low-income students. At Enterprise High School (EHS), the already robust English Language Development (ELD) program has been enhanced by hiring one more interpreter, extending the EL monitor's release periods, and investing in additional technological assistive devices and software for translation support. Professional development for teachers and staff will be expanded to include ongoing training on best practices for supporting EL students. At Pioneer Continuation High School, additional instructional aides will be hired, and more time from the instructional coaches will be dedicated to the PHS to help support PLC and general PD for all staff. District-wide, all Title 1 schools, including those below the 55 percent threshold, will benefit from specific actions outlined in each site's School Plan for Student Achievement (SPSA) to support low-income and educationally disadvantaged students. The district office will provide additional resources and training for foster youth liaisons. These comprehensive strategies, already above and beyond what is provided at schools with lower concentrations, will ensure that students at Pioneer Continuation High School and Enterprise High School receive the necessary support to succeed academically and personally. Regular assessments and feedback mechanisms will be used to monitor the effectiveness of these initiatives and make necessary adjustments.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	109	59.8
Staff-to-student ratio of certificated staff providing direct services to students	21.9	20.4

# Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in EC sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of EC sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

**Focus Goal(s)**

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

**Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

**Description**

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

**Type of Goal**

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

**State Priorities addressed by this goal.**

Identify each of the state priorities that this goal is intended to address.

**An explanation of why the LEA has developed this goal.**

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

**Maintenance of Progress Goal**

**Description**

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Type of Goal**

Identify the type of goal being implemented as a Maintenance of Progress Goal.

**State Priorities addressed by this goal.**

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

**Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2026–27</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> and <b>2026–27</b> . Leave blank until then.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

**LEA-wide and Schoolwide Actions**

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**For School Districts Only**

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

**Requirements and Instructions**

Complete the tables as follows:

**Total Projected LCFF Supplemental and/or Concentration Grants**

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

**Projected Additional 15 percent LCFF Concentration Grant**

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year**

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

**LCFF Carryover — Percentage**

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### **Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### **How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If “Yes” is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**

- This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).

- **7. Total Estimated Actual Expenditures for Contributing Actions**

- This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).

- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**

- This amount is the total of the Planned Percentage of Improved Services column.

- **8. Total Estimated Actual Percentage of Improved Services (%)**

- This amount is the total of the Estimated Actual Percentage of Improved Services column.

- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
